Accounting auditing and governance standards pdf 2019 printable pdf template

There are also some responsibilities that sit with you as the author. It will be embedded in your published article, along with a link to the ORCiD registry allowing others to easily match you with your work. Case study. Describes actual interventions or experiences within organizations. That means we encourage you to: Cite and fully reference all data, program code, and other methods in your article. Literature review. This category should only be used if the main purpose of the paper is to annotate and/or critique the literature in a particular field. (for authored entries, please refer to book chapter guidelines above) For newspaper articles (authored) Surname, initials (year), "article title", newspaper, date, page numbers. Emerald's Harvard referencing style References to other publications in your text should be written as follows: Single author: (Adams, 2006) Two authors: (Adams and Brown, 2006) Three or more authors: (Adams et al., 2006) Please note, 'et al' should always be written in italics. Also covers a description of a legal case or a hypothetical case study used as a teaching exercise. Please note, the journal editor may use Crossref Similarity Check to check on the originality of submissions received. For journals Surname, initials (year), "title of article", journal name, volume issue, page numbers. This is your opportunity to correct any typographical errors, grammatical errors or incorrect author details. Format Article files should be provided in Microsoft Word format. To help us achieve that goal, we closely follow the advice laid out in the guidelines and flowcharts on the COPE (Committee on Publication Ethics) website. We will carry out editorial checks, copyediting, and typesetting and then return proofs to you (if you are the corresponding author) for your review. It will be compiled into an issue according to the journal's issue schedule, with papers being added by chronological date of publication. This includes journalistic and magazine-style pieces. e.g. Capizzi, M.T. and Ferguson, R. Acceptable figure file types are listed further below. e.g. Aumueller, D. Our Creating an SEO-friendly manuscript how to guide contains some practical guidance on choosing search-engine friendly keywords. As soon as your article is published, you can make the author accepted manuscript (the version accepted for publication) openly available, free from payment and embargo periods. For UK journal article authors - if you wish to submit your work accepted by us to REF 2021, you must make a 'closed deposit' of your accepted manuscript to your respective institutional repository upon acceptance of your article. If your article involves human participants, you must ensure you have considered whether or not you require ethical approval for your research, and include this information as part of your submission. It could be a selective bibliography providing advice on information sources, or the paper may aim to cover the main contributors to the development of a topic and explore their different views. (Ed.s), CAUTHE 2008: Where the 'bloody hell' are we?, Griffith University, Gold Coast, Qld, pp.115-118. Open access submissions and information All our journals currently offer two open access (OA) publishing paths; gold open access and green open access. This could compromise the blind peer review process. That means it should not have been published before in its current, or similar, form. While an EarlyCite article has yet to be assigned to a volume or issue, it does have a digital object identifier (DOI) and is fully citable. Read about our research ethics for authorship. These state that you must: Include anyone who has made a substantial and meaningful contribution to the submission (anyone else involved in the paper should be listed in the acknowledgements). Copyright All accepted authors are sent an email with a link to a licence form. e.g. Calabrese, F.A. (2005), "The early pathways: theory to practice – a continuum", Stankosky, M. When referring to pages in a publication, use 'p.(page number)' for a single page or 'pp.(page numbers)' to indicate a page range. Please take a few moments to read our guide to publishing permissions to ensure you have met all the requirements, so that we can process your submission without delay. e.g. Smith, A. The only time we will ever ask you for money to publish in an Emerald journal is if you have chosen to publish via the gold open access route. We have also developed our research and publishing ethics guidelines. Where a DOI is available, this should be included at the end of the reference. They will be able to advise on your manuscript's suitability. e.g. Weida, S. Surname, initials (year), "title of electronic source", available at: persistent URL (accessed date month year). Third party copyright permissions Prior to article submission, you need to ensure you've applied for, and received, written permission to use any material in your manuscript that has been created by a third party. For further information and guidance, please refer to the REF 2021 website. They should be identified in the text by consecutive numbers enclosed in square brackets. Biographies and acknowledgements If you want to include these items, save them in a separate Microsoft Word document and upload the file with your submission. Typically, papers are added to an issue according to their date of publication. Alternatively, you can email our Rights team. Tables should be numbered consecutively in Roman numerals (e.g. I, II, etc.). Please ensure you check all your citations for completeness, accuracy and consistency. Don't have one yet? Once these reviewers have provided their feedback, the editor may decide to accept your manuscript, request minor or major revisions, or decline your work. Double check your manuscript Before submitting your work, it is your responsibility to check that the manuscript is complete, grammatically correct, and without spelling or typographical errors. If your submission is accepted Open access If you've chosen to publish gold open access, this is the point you will be asked to pay the APC (article processing charge). This varies per journal and can be found on our APC price list or on the editorial system at the point of submission. Your article will be published with a Creative Commons CC BY 4.0 user licence, which outlines how readers can reuse your work. Print and electronic rights. (2008), "Money for old rope", Daily News, 21 January, pp.1, 3-4. e.g. Encyclopaedia Britannica (1926), "Psychology of culture contact", Vol. Each contributing author will need their own ScholarOne author account, from which we will extract the following details: Author email address (institutional preferred). You will find their contact details on the Editorial team tab on this page. Worldwide English-language rights. You will be asked to pay an APC (article processing charge) once your paper has been accepted (unless it is a sponsored open access journal). Read about our APCs At no other time will you be asked to contribute financially towards your article's publication. Research funding Your article must reference all sources of external research funding in the acknowledgements section. This should be checked for accuracy, for example whether contact and affiliation details are up to date and your name is spelled correctly, and then returned to us electronically. At the end of your paper, please supply a reference list in alphabetical order using the style guidelines below. A few key points: Any manuscript you submit to this journal should be original. For an example on how to cite datasets, please refer to the references section below. While all journals work to different timescales, the goal is that the editor will inform you of their first decision within 60 days. Please note that this may not always be possible if there are delays in the review process. If you haven't chosen gold open access and you receive an email which appears to be from Emerald, asking you for payment to publish, please contact our Rights team. How to share your paper Visit our author rights page to find out how you can reuse and share your work. These numbers should then be listed, and explained, at the end of the article. Research and publishing ethics Our editors and employees work hard to ensure the content we publish is ethically sound. How do I make a change to the list of authors once the manuscript has been submitted? e.g. Daily News (2008), "Small change", 2 February, p.7. For archival or other unpublished sources Surname, initials (year), "title of document", unpublished manuscript, collection name, inventory record, name of archive, location of archive. (1902), "Mechanism & Technique of Commerce", unpublished manuscript, Simon Litman Papers, Record series 9/5/29 Box 3, University of Illinois Archives, Urbana-Champaign, IL. For newspaper articles (non-authored) Newspaper (year), "article title", date, page numbers. Is my paper suitable for the journal? (2013), "Developing strong thesis statements", available at: (accessed 20 June 2018) Standalone URLs, i.e. those without an author or date, should be included either inside parentheses within the main text, or preferably set as a note (Roman numeral within square brackets within text followed by the full URL address at the end of the paper). While you are welcome to submit a PDF of the document alongside the Word file, PDFs alone are not acceptable. During the submission process, you will have the opportunity to indicate whether you would like to publish your paper via the gold open access route. Each time we contact you, we will quote the manuscript number you were given at the point of submission. See our frequently asked questions (FAQs) below. Volume 37 Volume 36 Volume 35 Volume 32 Issue 4/5 2017 Accounting, Auditing & Governance in the SAARC group of nations: Bangladesh, Bhutan, India, Maldives, Nepal, Pakistan and Sri Lanka Issue 2 2017 Use of Performance Measures, Balanced Scorecards and Dashboards Volume 34 Issue 3 2019 Organizational Risk, Fraud, Forensics, Anti Money Laundering Laws and Controls, and Corporate Corruption Issue 1 2019 Meta-Analysis for Research in Professional Judgment, Assurance, Risk Assessment, and Governance Volume 33 Volume 31 Volume 30 Volume 29 Volume 28 Volume 27 Volume 26 Volume 25 Volume 24 Volume 23 Volume 22 Volume 21 Volume 20 Volume 19 Volume 18 Volume 17 Volume 16 Volume 15 Volume 14 Volume 13 Volume 12 Volume 11 Volume 10 Volume 9 Volume 8 Volume 7 Volume 6 Volume 5 Volume 4 Volume 3 Volume 2 Volume 1 Michael Kend, Lan Anh Nguyen The purpose of this study is to explore audit procedure disclosures related to key audit risks, during the prior year and the initial year of the COVID-19 outbreak, by… Guoping Liu, Jerry Sun The purpose of this study is to examine whether the COVID-19 pandemic has affected earnings management and the value relevance of earnings in the USA. Have you cleared any necessary publishing permissions? Structured abstract All submissions must include a structured abstract, following the format outlined below. Single line spacing is preferred. Does the manuscript contain any information that might help the reviewer identify you? Visit the ScholarOne support centre for further help and guidance. It can be subjective and doesn't generally report on research. and Cox, C. Persistent identifiers are assigned to datasets by digital archives, such as institutional repositories and partners in the Data Preservation Alliance for the Social Sciences (Data-PASS). For electronic sources If available online, the full URL should be supplied at the end of the reference, as well as the date that the resource was accessed. If it isn't, the editor may decline it without peer review. If you have any reason to suspect the confirmation email you receive might be fraudulent, please contact our Rights team. (2003), "How published academic research can inform policy decisions: the case of mandatory rotation of audit appointments", working paper, Leeds University Business School, University of Leeds, Leeds, 28 March. However, you will still need to log in to ScholarOne to complete the submission process using your existing username and password. This varies per journal and can be found on our APC price list or on the editorial system at the point of submission. For books Surname, initials (year), title of book, publisher, place of publication. Follow appropriate international and national procedures with respect to data protection, rights to privacy and other ethical considerations, whenever you cite data. Article length / word count Articles should be between 12000 and 13000 words in length. If you accept, your ScholarOne author account, and the accounts of your co-authors, will automatically transfer to the new journal, along with your manuscript and any accompanying peer review reports. This includes in figures or captions. We will also require a statement from each author confirming their agreement. What you can expect next You will receive an automated email from the journal editor, confirming your successful submission. If they think it might be suitable for the publication, they will send it to at least two independent referees for double blind peer review. If you would like to, or are required to, make the branded publisher PDF (also known as the version of record) freely available immediately upon publication, you should select the gold open access route during the submission process. If you've chosen to publish gold open access, this is the point you will be asked to pay the APC (article processing charge). The submission process All manuscripts should be submitted through our editorial system by the corresponding author. You will find their contact details on the editorial team tab on this page. If you receive an email that does not match these criteria, it could be fraudulent and we recommend you email . Exclude anyone who hasn't contributed to the paper, or who has chosen not to be associated with the research. That means there should be no time restrictions on its re-use e.g. a one-year licence. A few tips: If you need to refer to your own work, use wording such as 'previous research has demonstrated' not 'our previous research has demonstrated'. There are a few other important points to note: All figures should be supplied at the highest resolution/quality possible with numbers and text clearly legible. For data Surname, initials (year), title of dataset, name of data repository, available at: persistent URL, (accessed date month year). How can I become a reviewer for a journal? For UK journal article authors - if you wish to submit your work accepted by Emerald to REF 2021, you must make a 'closed deposit' of your accepted manuscript to your respective institutional repository upon acceptance of your article. If you ever suspect an email you've received from Emerald might not be genuine, you are welcome to verify it with the content editor for the journal, whose contact details can be found on the editorial team tab on this page. The options for this are listed below. After you've agreed a fee, they will work with you to enhance your manuscript and get it submission-ready. Who do I contact if I have a query about my submission? To use the material for the life of the work. The maximum length of your abstract should be 250 words in total, including keywords and article classification (see the sections below). For queries post acceptance, please contact the Supplier Project Manager. The position of each table should be clearly labelled in the main body of the article with corresponding labels clearly shown in the table file. References All references in your manuscript must be formatted using one of the recognised Harvard styles. Find out more about our article withdrawal and correction policies. (2008), "Principal factors contributing to the competitiveness of tourism destinations at varying stages of development", in Richardson, S., Fredline, L., Patiar A., & Ternel, M. (2005), "Semantic authoring and retrieval within a wiki", paper presented at the European Semantic Web Conference (ESWC), 29 May-1 June, Heraklion, Crete, available at: (accessed 20 February 2007). Authorship and the order in which the authors are listed on the paper should be agreed prior to submission. (Ed.), Creating the Discipline of Knowledge Management, Elsevier, New York, NY, pp.15-20. This should be where they were based when the research for the paper was conducted. e.g. Harrow, R. e.g. Wilde, S. When the page proofs are finalised, the fully typeset and proofed version of record is published online. If you haven't already read these, we urge you to do so – they will help you avoid the most common publishing ethics issues. and have clear captions. We can't accept requests to rewrite texts at this stage. You will find a helpful submission checklist on the website Think.Check.Submit. This includes investigating and resolving any questions about accuracy or research integrity Treat communications between you and the journal editor as confidential until an editorial decision has been made. This journal offers an article transfer service. Page 2 For queries relating to the status of your paper pre-decision, please contact the Editor or Journal Editorial Office. That's fine, our typesetters will make any necessary changes to your manuscript if it is accepted. If this is your first time submitting to this journal, please choose the Create an account or Register now option in the editorial system. Is your manuscript definitely a good fit? While accepting a transfer does not guarantee the receiving journal will publish your work, an editor will only suggest a transfer if they feel your article is a good fit with the new title. To find tips on increasing the visibility of your published paper, read about how to promote your work. If you have a conflict of interest, you must declare it upon submission; this allows the editor to decide how they would like to proceed. Technical paper. Describes and evaluates technical products, processes or services. Alternatively, if you would like to, or are required to, publish open access but your funding doesn't cover the cost of the APC, you can choose the green open access, or self-archiving, route. e.g. Moizer, P. At this stage, they may choose to decline or unsubmit your manuscript if it doesn't fit the journal aims and scope, or they feel the language/manuscript quality is too low. It does not guarantee your work will be accepted for review or publication. Carry out a final check to ensure that no author names appear anywhere in the manuscript. All photographs should be numbered as Plate 1, 2, 3, etc. We are a member of the International Association of Scientific, Technical, and Medical Publishers (STM) and participate in the STM permissions guidelines, a reciprocal free exchange of material with other STM publishers. In some cases, this may mean that you don't need permission to re-use content. If so, please highlight this at the submission stage. Electronic figures created in other applications should be supplied in their original formats and should also be either copied and pasted into a blank MS Word document, or submitted as a PDF file. It only takes a few moments to register for a free ORCiD identifier. For unpublished conference proceedings Surname, initials (year), "title of paper", paper presented at [name of conference], [date of conference], [place of conference], available at: URL if freely available on the internet (accessed date). By submitting your work to Emerald, you are guaranteeing that the work is not in infringement of any existing copyright. Read about conflict of interest in our research and publishing ethics guidelines. For encyclopaedia entries (with no author or editor) Title of encyclopaedia (year), "title of entry", volume, edition, title of encyclopaedia, publisher, place of publication, page numbers. Read about our research ethics for authorship. Please note, we are unable to publish any article that still has permissions pending. The rights we require are: Non-exclusive rights to reproduce the material in the article or book chapter. Exceptions to this rule are outlined in our pre-print and conference paper policies. If any substantial element of your paper has been previously published, you need to declare this to the journal editor upon submission. During this period, we will send you automated updates on the progress of your manuscript via our submission system, or you can log in to check on the current status of your paper. This will be the email address you entered when you set up your account. Who do I contact if I want to find out which volume and issue my accepted paper will appear in? If you need to make any changes to the author information once the paper is under review or has been accepted, we will look into your request and closely follow the Committee on Publication Ethics (COPE) authorship guidelines. Our expectation is that you will: Respond swiftly to any queries during the publication process. Tables Tables should be typed and submitted in a separate file to the main body of the article. Correcting inaccuracies in your published paper Sometimes errors are made during the research, writing and publishing processes. Page numbers should always be written out in full, e.g. 175-179, not 175-9. Headings Headings must be concise, with a clear indication of the required hierarchy. The preferred format is for first level headings to be in bold, and subsequent sub-headings to be in medium italics. Your article will be published with a Creative Commons CC BY 4.0 user licence, which outlines how readers can reuse your work. Article title A concisely worded title should be provided. If you would like to know in advance which issue your paper will appear in, please contact the content editor of the journal. Need to make a change to the author list? These details can be found in the Editorial Team section. This is referred to as the EarlyCite version. e.g. Litman, S. If you don't see an exact match, please choose the best fit: Research paper Poetry, Prose, Literature and Insights Review Paper Commentary You will also be asked to select a category for your paper. Want to use a different Harvard style? Ensure that any superscripts or asterisks are shown next to the relevant items and have explanations displayed as footnotes to the table, figure or plate. Papers are likely to be more descriptive or instructional ('how to' papers) than discursive. For published conference proceedings Surname, initials (year of publication), "title of paper", in editor's surname, initials (Ed.), title of published proceeding which may include place and date(s) held, publisher, place of publication, page numbers. Frequently asked questions Is there a submission fee for the journal? These apply to both the main body of text and your final list of references. A few other style points. General review. Provides an overview or historical examination of some concept, technique or phenomenon. In multi-authored papers, it's important that ALL authors that have made a significant contribution to the paper are listed. Conceptual paper. Focuses on developing hypotheses and is usually discursive. Give each table a brief title. Persistent identifiers ensure future access to unique published digital objects, such as a piece of text or datasets. and Stolley, K. Proofing and typesetting Once we have received your completed licence form, the article will pass directly into the production process. Author details The names of all contributing authors should be added to the ScholarOne submission; please list them in the order in which you'd like them to be published. Include persistent identifiers, such as a Digital Object Identifier (DOI), in references for datasets and program codes. A few other important points: Give the journal aims and scope a final read. Please contact the editor for the journal, with a copy of your CV. This includes all text, for example, the structured abstract, references, all text in tables, and figures and appendices. Please allow 280 words for each figure or table. Please note, while we will always try to use the keywords you've suggested, the in-house editorial team may replace some of them with matching terms to ensure consistency across publications and improve your article's visibility. Those who have provided support but have not contributed to the research should be featured in an acknowledgements section. Please log in to view the status of your paper if you have concerns. If you've read the aims and scope on the journal landing page and are still unsure whether your paper is suitable for the journal, please email the editor and include your paper's title and structured abstract. Acceptable formats are .ai, .eps, .jpeg, .bmp, and .tif. Author affiliation. If there is a reason why you can't assign copyright to us, you should discuss this with your journal content editor. This is an optional service for authors who feel they need a little extra support. This service compares submissions against a database of 49 million works from 800 scholarly publishers. For working papers Surname, initials (year), "title of article", working paper [number if available], institution or organization, place of organization, date. Please email the journal editor – you will find their contact details on the editorial team tab on this page. Keywords Your submission should include up to 12 appropriate and short keywords that capture the principal topics of the paper. Author responsibilities Our goal is to provide you with a professional and courteous experience at each stage of the review and publication process. We will reproduce it exactly, so any middle names and/or initials they want featured must be included. If you need to refer to your own, currently unpublished work, don't include this work in the reference list. e.g. Campbell, A. You can find out more about our open access routes, our APCs and waivers and read our FAQs on our open research page. Find out about open Transparency and Openness Promotion (TOP) Guidelines We are a signatory of the Transparency and Openness Promotion (TOP) Guidelines, a framework that supports the reproducibility of research through the adoption of transparent research practices. Once your paper has been published in an issue, you will be notified by email. These four sub-headings and their accompanying explanations must always be included: Purpose Design/methodology/approach Findings Originality The following three sub-headings are optional and can be included, if applicable: Research limitations/implications Practical implications Social implications You can find some useful tips in our write an article abstract how-to guide. Be accountable for all aspects of your work. Where a colon or dash appears in the title of an article or book chapter, the letter that follows that colon or dash should always be lower case. Post submission Review and decision process Each submission is checked by the editor. Any acknowledgments or author biographies should be uploaded as separate files. You will find their contact details on the editorial team section above. When citing a work with multiple editors, use the abbreviation 'Ed.s'. 1, 13th ed., Encyclopaedia Britannica, London and New York, NY, pp.765-771. Author name. Visit Editage Manuscript requirements Before you submit your manuscript, it's important you read and follow the guidelines below. (2005), "Loyalty trends for the twenty-first century", Journal of Consumer Marketing, Vol. LaTeX files can also be used but only if an accompanying PDF document is provided. It will provide you with a manuscript number, which will be used in all future correspondence about your submission. Notes/endnotes Notes or endnotes should only be used if absolutely necessary. and Kahn, R.L. (2015), American National Election Study, 1948, ICPSR07218-v4, Inter-university Consortium for Political and Social Research (distributor), Ann Arbor, MI, available at: (accessed 20 June 2018) Submit your manuscript There are a number of key steps you should follow to ensure a smooth and trouble-free submission. Articles accepted for publication after 1st April 2018 should be deposited as soon as possible, but no later than three months after the acceptance date. Both colour and black and white files are accepted. Covers philosophical discussions and comparative studies of other authors' work and thinking. Have you followed all the formatting requirements laid out in these author guidelines? For further guidance please refer to our research and publishing ethics guidelines. You will also find some useful tips in our structure your journal submission how-to guide. If you don't see an exact match, please choose the best fit: Research paper. Reports on any type of research undertaken by the author(s), including: The construction or testing of a model or framework Action research Testing of data, market research or surveys Empirical, scientific or clinical research Papers with a practical focus Viewpoint. Covers any paper where content is dependent on the author's opinion and interpretation. Does your manuscript comply with our research and publishing ethics guidelines? When these issues arise, we have the option of withdrawing the paper or introducing a correction notice. Your work should not have been submitted elsewhere and should not be under consideration by any other publication. If you already have an Emerald login, you are welcome to reuse the existing username and password here. You should describe the role of the funder or financial sponsor in the entire research process, from study design to submission. Prepare your submission Manuscript support services We are pleased to partner with Editage, a platform that connects you with relevant experts in language support, translation, editing, visuals, consulting, and more. Find out more about informed consent. Where they are included, a brief professional biography of not more than 100 words should be supplied for each named author. You should never include people who have not contributed to the paper or who don't want to be associated with the research. If the editor decides to decline your manuscript, either before or after peer review, they may offer to transfer it to a more relevant Emerald journal in this field. Article classification During the submission process, you will be asked to select a type for your paper; the options are listed below. Figures All figures (charts, diagrams, line drawings, webpages/screenshots, and photographic images) should be submitted electronically. Don't forget to add your ORCiD ID during the submission process. You are welcome to use the Harvard style Emerald has adopted – we've provided a detailed guide below. (2005), No Place to Hide, Simon & Schuster, New York, NY.
